Looking After Myself

Assertiveness, Confidence and Communication Course

Do you find it difficult to say no?

Do you tend to go with the flow of what others want or expect?

Are you struggling to have your voice heard in a way that is respectful and understood?

In this course, we acknowledge the important part that communication plays in our life, health, and relationships.

Together, we unpack what we mean by words such as ‘confidence’, ‘assertiveness’ and ‘self-esteem’. Using our lived and learnt experience, we work together to better understand the different communication types and behaviours, and explore what makes communication effective, rather than transactional. As the course progresses, we develop our knowledge of assertiveness skills and have an opportunity to practice becoming more confident in applying them.

In this three-hour workshop, we explore what it means to give and what is considered “too much”. We will discuss the reasons for over-giving and explore the science behind why it feels so rewarding.

By the end of this workshop, you will have a greater awareness of the costs to yourself and others when you over-give, and we will conclude by exploring what makes someone effective at giving. This workshop is a good introduction or follow on from the Assertiveness, Confidence and Communication course.

This workshop explores the gifts that come with sensitivity including improved insight, empathy and being in tune with the needs of others. We will explore the importance of self-care, to reduce the impact of stressful situations, reduce rumination, low self-esteem and reframe negative thinking.

Frequently Asked Questions

“I don’t want to go back to school or college. Is that what this is? How are courses delivered?”

- Our courses and activities aren’t traditional college or school subjects, and they aren’t delivered in a formal way. We believe that we all have something to learn, and we are all on our own Recovery journey. If you attend a course, you won’t be sitting in a classroom listening to a teacher talk while you take notes. Instead, you’ll have opportunities to discuss subjects that interest you, learn at your own pace and share your expertise.

“Can I access your courses online?”

- Wakefield Recovery College offer a range of online courses that anyone can access should you prefer to learn remotely. In Barnsley we have prioritised face to face based on learner need and request. You can enrol with Wakefield at www.wakefieldrecoverycollege.nhs.uk

“I have some physical mobility problems. Is the College accessible?”

- Yes. Some of our classrooms are based on a ground floor, and where access is required to other rooms, we have a lift available from the main building. If you have any concerns about your needs and access, please contact us on 01226 730433 and we will be happy to help.

“Do I need to be referred to the College by a professional?”

- No. You enrol as a Learner, just like you would with any other College. What matters to us, is that you have made the decision that you want to attend.

“Will attending effect my benefits?”

- No. The College is entirely independent from the Job Centre and DWP. We are not involved in any decisions made about your benefit entitlement, nor do we report to other professionals or services about your attendance or progression.

“What happens if I’m not able to attend the whole course?”

- We understand that life happens and circumstances change. In instances where you are unable to attend 2 sessions out of the full course, we will suggest that you re-book for a future date to get the most out of the learning experience.

“What if I need extra support with learning?”

- Where you have any barriers to learning, we encourage you to discuss this at your induction and make a note of it on your enrolment form. That way, a Recovery Coach can discuss this with you and a plan for reasonable adjustments can be implemented.

“Can I do the same course twice?”

- This isn't usually allowed, only under exceptional circumstances and at the discretion of the course facilitator.

“I'm worried about my IT skills; do I need to use a computer to do a course?”

- No. IT skills aren't a requirement.

“Will I need to complete any tests or exams?”

- No, there are no exams or tests. On occasions we may offer accredited courses in partnership with other colleges, as an opportunity for progression.

“Will I definitely get a place on the course I want?”

- Due to popularity of some of our courses some courses may book up quickly. Where this is the case, where possible, we will be able to offer alternative dates or suggest a different course.

“What happens once I have finished my course?”

- One of our key aims is to provide you with the time and space to explore your next steps and build the confidence to take them. This may be moving on to another course with us, a course with someone else or thinking about other steps including moving into volunteering or paid work. Whatever your next steps we have someone on hand who is happy to guide you in thinking about and accessing future goals.

“Where can I find additional information?”

- Our prospectus is available online at www.barnsleyrecoverycollege.nhs.uk and we regularly post updates about new opportunities on social media.
