

Barnsley Recovery & Wellbeing College

Prospectus

April to September 2026

33 Gawber Road, Barnsley, S75 2AH

Introduction

Barnsley Recovery and Wellbeing College takes an **educational** rather than a clinical approach towards improving Mental Health and Wellbeing. We are **open to anyone** aged 18+, who are interested in acquiring more choice and control over their health and life.

We help people to do this, by offering **Free Courses and Workshops** that aim to improve people's self-management skills and wellbeing through learning. We even have a gym on site!

All our courses, workshops and activities have been co-designed and co-delivered with people who have **lived and learnt experience** of physical and mental health problems. Our team consists of Recovery Coaches, Peer Mentors and Exercise Specialists, alongside various volunteer roles such as Co-producers, Co-facilitators, Gardening Volunteers, and the Editorial Panel which acts as our quality assurance method, to ensure that we are staying true to the values and ethos of the Recovery College Model.

Did you know that there are **85 Recovery Colleges** across England, Scotland, and Wales? The model has been adopted internationally too, with Colleges across Europe, Australia, and even Japan! Each College is unique and influenced by the population it serves. In Barnsley, we love responding to local need and creating content for local people.

Learner Feedback Previous Term

"I felt my voice was heard. Everyone was warm, welcoming knowledgeable and understanding"

"The anxiety course was very informative, supportive and well-led. I found it very helpful looking at coping mechanisms and have now put these into practice. I'm much happier now"

"I completed the depression course and it gave me perspective on how to view a lot of things differently. It was invaluable as I've suffered depression for 50+ years"

"I enjoyed attending, it gave me purpose and enabled me to commit to a regular meeting. I was given very good advice that makes my life easier"

"I've been privileged to have used Barnsley Recovery College since 2017. I've gone from strength to strength".

"Excellent creative courses, I've done most of them and thoroughly enjoyed all; the Decoupage is very clever".

"I did the Valuing my Sensitive Self course which was my first. I was worried about sharing my thoughts and feelings but we didn't have to if we didn't feel comfortable. Everyone was very supportive and it's a beautiful environment to learn in"

Understanding Mental Health and Wellbeing

Feel the Fear (Anxiety Management) Course

We can all experience uncertainty, panic, and signs of anxiety at times in our lives. For some, these feelings can become overwhelming and have significant impact on daily life. If you experience anxiety and want to develop your understanding of how anxiety can affect your mind, body and lifestyle, this course could be for you. In this course, we will explore the causes and symptoms of anxiety, look at practical steps and techniques we can use to take more control.

Living well with depression

When experiencing low mood and depression, sometimes the simplest things can be the hardest. Minor tasks such as getting out of bed, answering the phone, making decisions; what to eat, what to wear, what to watch or even leaving the house can all take major effort.

In this course, we will give you practical information and useful tips to help live your life well with depression. This course is not about stopping depression, but it may help you to develop new ways to manage it better.

Understanding Myself and Dealing with Difficulty

This course aims to provide the space and opportunity to better understand your thoughts, feeling and behaviours, with the intention of helping you to manage them better. We hope that the sessions we facilitate help you to identify some of the difficulties that you are having, so that you can make informed choices about your next steps.

Living with a long-term condition

This workshop is designed to help people with long-term conditions come to terms with the challenges they face, adopt effective coping strategies, and live well beyond a life affecting diagnosis. We will invite you to acknowledge the importance of self-management in managing your condition; in adjusting to the new reality of living with limitations and acknowledging the impact this has on our mental health. This workshop will address the challenges that people face, while not focusing on deficits, in the hope that you will adjust the way you think about your condition. You will also have the opportunity to meet new peers, learn from each other and develop an individual tool kit, that will help you to manage your condition more effectively.

Looking After Myself

Assertiveness and communication course

Do you find it difficult to say no? Do you tend to go with the flow of what others want or expect?

Are you struggling to have your voice heard in a way that is respectful and understood?

In this course, we acknowledge the important part that communication plays in our life, health, and relationships. Together, we unpack what we mean by words such as 'confidence', 'assertiveness' and 'self-esteem'. Using our lived and learnt experience, we work together to better understand the different communication types and behaviours and explore what makes communication effective. As the course progresses, we develop our knowledge of assertiveness skills and have an opportunity to practice becoming more confident in applying them.

Renew You course

It can be easy to fall into the trap of using negative and limiting labels to describe ourselves. In this exploratory course we will look at the values and qualities that are unique to us and consider how we perceive ourselves, view our self-image and the roles we adopt. By attending this course, we aim to provide you with the space and time to reflect on who you are and encourage you to develop a more realistic and balanced perspective of yourself.

Please note attendance of the Renew You Pre-Course meeting is required before booking onto this six-week course. Due to the nature of this course your readiness and commitment to attend each session is essential.

Pre-course meeting will be held the week previous to the course commencing. Please note that you must attend this before enrolling on the full course.

Valuing My Sensitive Self Workshop

Sensitivity is something that we all experience from time to time especially when we encounter social situations. However, this can sometimes be perceived as a negative personality trait that is not necessarily valued or appreciated by others. Like all personality traits, there are positives and negatives associated with sensitivity but with proper understanding and recognition, sensitivity can be seen as a strength. This workshop explores the gifts that come with sensitivity including improved insight, empathy and being in tune with the needs of others. We will explore the importance of self-care, to reduce the impact of stressful situations, reduce rumination, low self-esteem and reframe negative thinking.

Food and Mood Workshop

Food is the fuel for life and gives us the energy we need to achieve our goals and feel nourished for the challenges that lay ahead. Food is a natural ally in promoting positive mental and physical health, as it fortifies our mind and body with essential vitamins, minerals, and nutrients for good health. This workshop invites you to explore the relationship between food and health and you will be encouraged to change the way you look at food and make positive lifestyle changes. We will introduce you to the idea of food and mood and equip you with information on food groups, their nutritional value and how to maintain a healthy and well-balanced diet. We will provide you with a range of resources and practical tools that you can use to monitor your dietary intake in relation to your mood.

Limbic Reflexology, for the Management of Fibromyalgia Chronic Migraines

Limbic Reflexology has been found to be particularly suitable for Fibromyalgia. Indeed, the development of Limbic Reflexology in 2012 involved volunteers living with Fibromyalgia. This foot reflexology approach focuses on the reflex areas related to the brain, and disruption of the brain's pain processing pathways has been identified as the central problem in fibromyalgia. Many people have found six weekly treatments helpful in greatly reducing the disabling features of Fibromyalgia and monthly treatments, thereafter, helps in maintaining the improvements. If you have a formal diagnosis of Fibromyalgia, preferably diagnosed by a rheumatologist and you can commit to all treatments, (any break affects the outcome) you can access treatment here at the Recovery College.

The Gym

We are a small but fully equipped gym based at Barnsley Recovery College and believe physical fitness is very important for good physical and mental health & wellbeing. Our aim is to give individuals a greater understanding of how the body works with exercise and nutrition.

Through exercise, you will soon discover that this can enhance your physical and mental health, improve your quality of life and reduce the risk of serious health conditions. Regular exercise helps you to control stress, feel better about yourself and is extremely important for your overall wellbeing.

The Gym courses

Our newly developed courses are designed to get you moving and exercising more; it's twice weekly, with the offer of boxercise as a third class, with each session lasting one hour.

The course incorporates: -

- Basic nutrition advice.
- Anatomy and physiology knowledge.
- Home exercise techniques.
- Individual tailor-made programme.
- Weekly progression/programme sheets.

When you complete your enrolment, Lisa or Dale will discuss your options and allocate you a group time. This group time will be your allocated time every week until the course is complete.

All learners will be required to complete a ParQ assessment which has to be completed before you can start using the gym. A ParQ Assessment is a physical health tool which helps indicate what your fitness levels are and where to begin your journey. These are completed individually and are confidential.

After your induction, you'll receive a tailored made exercise plan which is constantly reviewed. You'll gain knowledge on how to perform exercises safely and correctly, whilst moving more, getting fitter and gaining knowledge of how your body works through exercise and nutrition. We pride ourselves on empowering individuals to build learners' confidence, encouraging move on to attend local gyms or activities once our course is complete. We ensure the service we're offering is sustainable and achievable in the community. We aim for individuals to have fun, build relationships, and ascertain their own goals making positive changes for a healthier and happy future.

Physical Health & Wellbeing Team Activities

The Physical Health & Wellbeing Team are made up of peer support workers and volunteers. We provide personalised activity services for individuals for people in Barnsley who may be struggling with their mental wellbeing.

We strongly believe that improving your physical health can have a positive effect on your mental wellbeing which is evidenced by our current peer support workers. They have used physical activity to gain control of their mental health and are now sharing their lived experience with you.

Whether you haven't played netball since leaving school, or you are isolated within your own home, the team are here to support you to reach your goals and make positive changes to your life.

We ensure the service we are offering is sustainable in the community and reaching those who require it most. Physical activity isn't for everyone; however, it can have endless benefits to help support a person's mental wellbeing, boost self-confidence, build relationships, create networks and most importantly enjoy life.

We offer a wide range of sessions from walking, running and cycling to team sports such as football and netball.

All activities are peer led by some of our amazing peer support workers in a welcoming environment meaning sessions are inclusive safe and friendly.

All activities are updated on a regular basis and are seasonal and subject to change.

Enrolment for the activities can be done by ringing the Recovery College on 01226 730433.

How to Enrol

If you're new to the college, all you need to do is schedule in a one-to-one induction.

It's as easy as 1, 2 3!

- 1) **Book** your Induction by contacting Julie, our friendly receptionist on **01226 730433** or email Barnsley.Recoverycollege@swyt.nhs.uk
- 2) **Attend** your induction and decide if the College is a good fit for you.
- 3) **Enrol** on the courses and activities that interest you.

If you're a returning Learner, you can enrol by:

- 1) **Calling** 01226 730433
- 2) **Email** Barnsley.Recoverycollege@swyt.nhs.uk to outline the courses that you're interested in.

Using your preferred method of contact, we will get back to you to discuss your place and course availability. Please note, that if you provide us with an email address or mobile number, confirmation of course bookings and reminder text messages will automatically be emailed or text to you. Please let us know if you would like to opt out of this service.

Frequently Asked Questions

“I don’t want to go back to school or college. Is that what this is? How are courses delivered?”

Our courses and activities aren’t traditional college or school subjects, and they aren’t delivered in a formal way. We believe that we all have something to learn, and we are all on our own Recovery journey. If you attend a course, you won’t be sitting in a classroom listening to a teacher talk while you take notes. Instead, you’ll have opportunities to discuss subjects that interest you, learn at your own pace and share your expertise.

“Can I access your courses online?”

Wakefield Recovery College offer a range of online courses that anyone can access should you prefer to learn remotely. In Barnsley we have prioritised face to face based on learner need and request. You can enrol with Wakefield at www.wakefieldrecoverycollege.nhs.uk

“I have some physical mobility problems. Is the College accessible?”

Yes. Some of our classrooms are based on a ground floor, and where access is required to other rooms, we have a lift available from the main building. If you have any concerns about your needs and access, please contact us on 01226 730433 and we will be happy to help.

“Do I need to be referred to the College by a professional?”

No. You enrol as a Learner, just like you would with any other College. What matters to us, is that you have made the decision that you want to attend.

“Will attending effect my benefits?”

No. The College is entirely independent from the Job Centre and DWP. We are not involved in any decisions made about your benefit entitlement, nor do we report to other professionals or services about your attendance or progression.

“What happens if I’m not able to attend the whole course?”

We understand that life happens and circumstances change. In instances where you are unable to attend 2 sessions out of the full course, we will suggest that you re-book for a future date to get the most out of the learning experience.

“What if I need extra support with learning?”

Where you have any barriers to learning, we encourage you to discuss this at your induction and make a note of it on your enrolment form. That way, a Recovery Coach can discuss this with you and a plan for reasonable adjustments can be implemented.

“Can I do the same course twice?”

This isn’t usually allowed, only under exceptional circumstances and at the discretion of the course facilitator.

“I’m worried about my IT skills; do I need to use a computer to do a course?”

No. IT skills aren’t a requirement.

“Will I need to complete any tests or exams?”

No, there are no exams or tests. On occasions we may offer accredited courses in partnership with other colleges, as an opportunity for progression.

“Will I definitely get a place on the course I want?”

Due to popularity of some of our courses some courses may book up quickly. Where this is the case, where possible, we will be able to offer alternative dates or suggest a different course.

“What happens once I have finished my course?”

One of our key aims is to provide you with the time and space to explore your next steps and build the confidence to take them. This may be moving on to another course with us, a course with someone else or thinking about other steps including moving into volunteering or paid work. Whatever your next steps we have someone on hand who is happy to guide you in thinking about and accessing future goals.

“Where can I find additional information?”

Our prospectus is available online at www.barnsleyrecoverycollege.nhs.uk and we regularly post updates about new opportunities on social media.
