## **Recovery College Prospectus**

**September – December 2021**

With **all of us** in mind.

# Welcome!

After a really tough year, it's wonderful to see people coming back through our doors again and re-connecting with each other.

Feedback from our learners and volunteers has told us how vital our service has been and has been a lifeline for many during lockdown. Despite the challenges that lockdown brought, we've tried our best to offer you courses and workshops online, but we'll now be looking forward to getting more of you back in for much needed face-to-face coaching. We're particularly proud of our most recent Managing Depression course feedback (P6) which highlights even more how vital our service is to you all and how we've changed your lives for the better!

As usual, watch out for extra courses to this prospectus that will be advertised on social media and our website as our partners begin to open back up.

Our staff and volunteers have been working extra hard recently to provide a service that is mindful of your current needs as we slowly step back into normality. Our building risk assessment has been updated and as always, we'll be taking guidance from NHS England and the government in terms of social distancing, wearing of face masks and keeping people as safe as possible during your learning.

We're really looking forward to seeing more of you!

**From all The Exchange staff and volunteers**

## Limbic Reflexology for the management of Fibromyalgia

Limbic Reflexology has been found to be particularly suitable for Fibromyalgia. Indeed, the development of Limbic Reflexology in 2012 involved volunteers living with Fibromyalgia. This foot reflexology approach focuses on the reflex areas related to the brain, and disruption of the brain's pain processing pathways has been identified as the central problem in fibromyalgia. Many people have found seven weekly treatments helpful in greatly reducing the disabling features of Fibromyalgia and monthly treatments, thereafter, helps in maintaining the improvements.

If you have a formal diagnosis of Fibromyalgia, preferably diagnosed by a rheumatologist and you can commit to all 7 treatments, (any break affects the outcome) you can access treatment here at the Recovery College.

# Frequently Asked Questions ....

## ***'I don't want to go back to school or college. Is that what this is? How are courses delivered?'***

Our courses aren't traditional college or school subjects and aren't delivered in a traditional way. We believe that we all have something to learn and we are all on our own recovery journey.

If you attend a course you won't be sitting in a classroom listening to a teacher talk while you take notes. Instead you'll have opportunities to discuss subjects that interest you, learn at your own pace and share your expertise.

## ***'Can I access your courses online?'***

We are currently developing online courses, these may be different to what we offer face to face. We'll keep everyone informed on our Website:-

**[www.barnsleyrecoverycollege.co.uk](http://www.barnsleyrecoverycollege.co.uk)**

## ***'I have some physical mobility problems – is the College accessible?'***

Yes. Our classrooms are based on the ground floor and are fully accessible. If you have any concerns about your mobility and attending the College please contact us on 01226 730433. We now have a one way system due to COVID but if you inform us beforehand we can arrange different access.

## ***'Do I need to be referred by my mental health team?'***

No. You do not need to be referred. As a learner, you simply enrol and discuss with us the courses which best suit you.

## ***'Will it affect my benefits?'***

The Exchange is total independent from the DWP and we have no involvement in any decision made about your benefit entitlement.

## ***'What happens if I'm not able to attend the whole course?'***

We understand that it may be difficult to attend the full course and ask that you let us know if you are unable to attend.

If you cannot attend 2 sessions out of the full course, we will suggest that you re-book for a future date.

## ***'What if I need some extra support with studying once the course has started'***

This may involve meeting with staff on a one to one basis to talk through and discuss the course content or to help you complete any work that you have found difficult to complete in the session.

## ***'Can I come on a course twice?'***

No, this isn't usually allowed, only under exceptional circumstances and at the discretion of the course facilitator.

***‘I’m worried about my IT skills, do I need to use a computer to do a course?’***

No. IT skills aren’t a requirement, however, if you would like to develop your skills in this area, then we offer a digital resilience course or we can signpost you.

***‘Will I need to complete any tests or exams?’***

No, there are no exams or tests. On occasion we may offer accredited courses – this may require some evidence of learning. This will be discussed with you at the time of the enrolment to make sure that you are aware of the course expectations.

***‘Will I definitely get a place on the course I want?’***

Due to popularity and restricted numbers due to COVID, some courses may book up quickly. Where this is the case, where possible, we will be able to offer alternative dates or suggest a different course.

***‘What happens once I have finished my course?’***

One of our key aims is to provide you with the time and space to decide on your next steps and build the confidence to take them. This may be moving on to another course with us, a course with someone else or thinking about other steps including moving into volunteering or paid work.

Whatever your next steps we have someone on hand who is happy to guide you in thinking about and accessing future goals.

***‘Where can I find additional information?’***

Our prospectus is available online at [www.barnsleyrecoverycollege.co.uk](http://www.barnsleyrecoverycollege.co.uk) and we regularly post updates about our courses and new course dates on social media.
